The worst is gone but you're still sitting by yourself(  
And you don't know what it is  
(No, you don't know what is that makes you sad(  
Just when you think you're all alone(  
Don't you know you're not alone  
Well I say...

(Oh my, my, my  
(I never meant this for you and I  
This goodbye is a long and winding highway(  
Oh my, my, my  
(In the end we all wonder why all the colors fade away  
to black and white

Inside your room(  
You framed some token photograph of us(  
With a melancholy smile and a tainted righteousness(  
You come down on me with some hurtful choice of  
words and accountability  
Well I say... (

Oh my, my, my(  
I never meant this for you and I( (Say goodbye)  
This goodbye is a long and winding highway(  
Oh my, my, my(  
In the end we all wonder why all the colors fade away to  
black and white(  
Fade to black and white  
(Fade away

If I could, I'd take us back to yesterday(  
But you know there ain't a way

Oh my, my, my(  
I never meant this for you and I(  
This goodbye is a long and winding highway(  
Oh my, my, my  
(In the end we all wonder why all the colors that mean  
something(  
Always end up meaning nothing(  
When the colors fade away to black and white
