Jump right back  
(I'm not the sane one(  
Some say I'm the product of the devil's son(  
Ask my momma cuz I know she'd agree(  
I gotta get it, gotta get, gotta get me the remedy  
(Stand back  
(Get outta my face, ya(  
For sure you'd better bet I'm a head case, ya(  
Gotta hurry cuz I'm losing control(  
I gotta get out, get out, get out, get out, get out

My life is a chain reaction(  
A train wreck(  
F'd up  
(Total affliction(  
Oh my god what's my malfunction?(  
I am my own addiction(  
Somebody save me I'm out of control  
(Because I'm headed for destruction and I'm ready to  
explode(  
This is my own addiction(  
I fall off of the wagon and I climb aboard the freight  
train

So kick back(  
But I'm just like a shotgun(  
Go bang when the safety's off, and pressure's on  
(I'd call the doctor, but seriously, ( he's gonna tell me,  
gonna tell me that I'm 5150(  
Get back right outta my space, ya(  
That's right I am a bit of a head case, ya(  
Gotta hurry cuz I'm down in a hole  
(I gotta get out, get out, get out, get out, get out

My life is a chain reaction(  
A train wreck(  
F'd up  
(Total affliction(  
Oh my god what's my malfunction?(  
I am my own addiction(  
Somebody save me I'm out of control

(Because I'm headed for destruction and I'm ready to  
explode(  
This is my own addiction(  
I am my own addiction(  
Somebody save me I'm out of control  
(Because I'm headed for destruction and I'm ready to  
explode(  
This is my own addiction  
(I am my own addiction(  
I am my own addiction

My life is a chain reaction(  
(Somebody save me I'm out of control(  
Because I'm headed for destruction and I'm ready to  
explode(  
This is my own addiction  
(I am my own addiction  
(Somebody save me I'm out of control(  
Because I'm headed for destruction and I'm ready to  
explode(  
This is my own addiction(  
I fall off of the wagon and I climb aboard the freight  
train  
I climb aboard the freight train  
I climb aboard the freight train  
I'm the king of rock city
