"Play Us Loud"

Believe in me
You will understand
Believe in me
It's not a game

I'm tired of waiting
I need you again
I'm tired of thinking
I'm loosing my mind

Wake up now
I'll show you what I see
Please show me how to live
Play us loud
The way that life should be
Make me proud of breathe

I'm tired of walking
I need you again
I'm tired of rolling
I'm loosing my mind

What's wrong with me
Still you don't understand
What's wrong with me
You think it's all a game

What's wrong with me
