Do you feel empty?
Do you feel lonely?
Do you feel like an empty room after a poison shower
that erase the truth?
Do you want to listen, what I'm sayin' now?
Or do you just only want to trust your mind forgettin
every single person who decides for you?

Save me from myself
I don't want to be myself, no more
Save me from the dark
I need your help

Have you reacted?
Have you decided?
Now you just only have to listen to the words that you
still hear but you can't follow

Can you listen, what I'm sayin' now?
Or do you just only want to trust your mind forgettin
every single person who decides for you?

Save me from myself
I don't want to be myself, no more
Save me from the dark
I need your help

Save me from the dark
I don't want to waste my time, no more
Save me from myself
I found your help
