Memories of me and you go on and on  
Memories will stay forever with your love  
Memories of love

Ah-i-ah-i-ah-i-ah (3x)

Memories of love

You know my world  
This is my right  
You can take my love but not my life  
I dream of you inside my mind  
Love revelations we will find

Ah-i-ah-i-ah-i-ah (3x)

Memories of me and you go on and on  
Memories of love are melting in my arms (in my arms)  
Memories of me and you go on and on  
Memories will stay forever with your love  
Memories of love (4x)

The mood is right, I'm feeling fine  
When we move our bodies through the night  
You call my name right from the start  
My destination for your heart

Ah-i-ah-i-ah-i-ah (3x)
