I never saw you cry
In all my dreams I made it through the night
Walk away from you this time
I want to see you again
'Cause I'm wanting more than a friend
And i don't know how to say
I wish you you could dry my tears
To make my sadness disapear
And keep my heart beating
I know you're not alone
Every day and every nignt
Someone's got the chance
To hold you
I want to be with you
I would do anything forr you
'Cause I know I love you
I never see you try
Letting your heart rules your mind
Guide your every thought
I never let you forget
All the fire love can find
In two hears that beat in time
And as one
I would lie for you
I would cry for you
I would walk to the sky
I would do everything for you
I would believe in you
I would give all to you
I would fly to the end of time
Just let me try
i know I have to wait for your love
I know I have to wait 'till I die
I know I have to wait for your love
I know you're all that I'm dreaming of
I want to be with you
I would do anything for you
'Cause I know I love you
But let me try
Let me try
