Clap ! Yo ! Lets Go ! Uh ! Uh Ohh ! Now Lets Go !

Now its Friday
I've been waitin'
I spent all week workin' 9 to 5
I call my ladies who call there fella's
So we can all meet up after dark
Yeah Yeah Yeah
Tonight I wanna have some fun girl (some fun girl)
Tonight I wanna party all night long
I wanna see you sweat and maybe get some
shhhhhhhhhhhh
But first I wanna see you all get down

Clap ya hands shake ya ass lose yaself 'cause baby it's
the weekend
Grab ya man fill ya glass Get ya dance on baby it's the
weekend
Work ya body to the left with me slide ya body to the
right with me
Baby clap ya hands shake ya ass lose yaself 'cause
baby it's the
weekend

Lets Go !

Yo no butts or maybe's baby
I just like tight butt's on lady's who play rough for ages
enough love comes in stages thats the way it is
Ice down through the list blacked out be the whips
Outside with the chicks inside with the clic
me and shorty Slip shortly after we meet
after all its the weeks end Now im creeping baby girl
just reachin so
maybe i'll be leaving

Clap ya hands shake ya ass lose yaself 'cause baby it's
the weekend
Grab ya man fill ya glass Get ya dance on baby it's the
weekend
Work ya body to the left with me slide ya body to the

right with me
Baby clap ya hands shake ya ass lose yaself 'cause
