[Flava]

Yo dis is Flava n this one goes out to all my boys in the  
ends

yo just rememberin all the good times yeah

It seems like only yesterday,  
if I can remember, say September time  
used to rhyme nothin ever on my mind  
chillin in fields with friends starin up at pink skies,  
nights would last forever no one ever watched the time  
but it flew by,  
you wouldn't know my luck  
my mum was always sayin how her baby looks so  
grown up  
but I still feel like I felt I still won't change  
I'd kill for a chance to go back in the day

ey yo Kenzie

[Kenzie]

Just a little souvenir makes me think of my best years,  
my boys still here fulfillin our dream career  
remember at the school gates chattin bout makin tapes  
or our first stop play which was the major debate.  
Teachers they always said bout homework  
I'd rather get rich chirps girls practice writin  
I was first startin I think back life was laid back  
I'm still in contact with my peeps from way back  
and I'm proud enough to say that

[Chorus]

Back in the days when we were kids  
Back in the days when times were like this  
Thinkin bout all the things we went through now I'm  
taking my time  
Grew up in the streets of London struggling now it's our  
time to shine

[Platnum B]

I really miss the wonder years,  
tears running down my eyes trying to find my piece of

mind  
remember summer time, I used to wear my soccer shirt  
like it was fubu  
half a dozen friends half a dozen stick wiv you.  
The fame and glory I'm talkin bout my child stories  
some days I wish I reminisce I feel like Jackenory,  
my dreams in life I want my kids and call my house and  
wife.  
Take some real advice treat your friends and family  
nice.  
My former visions as a teen I would pay any price  
and with the love and with the trust coz he would judge  
my life.  
Krazy tell 'em

[Krazy]  
I really miss those special times.
