First things first about last night
Its down to me to put things right
Cause your always on my mind

I left at 5 to be back at 8
I went for one, now I'm lost in space
But your always on my mind

And if I tell you girl the moment that I met you
I knew my life would change and now I can't forget you
Your the one believe me now

One more night alone
In my head
I can't live without you
One more night alone
In my bed
We can't have one more night alone

I see those girls but I pay no attention
Cause your always on my mind
And I may stray, but it's not my intention
Cause your all that's on my mind

And if I tell you girl the moment that I met you
I knew my life would change and now I can't forget you
Your the one believe me now (just cha, just cha, oh
believe me now)

One more night alone
In my head
I can't live without you
One more night alone
In my bed
I can't stop thinkin about you
Yooouuur still the one
And I can't live without you
Aaaalways the one
We can have one more night alone
(One more night alone)
(One more night alone)

(One more night alone)

Yooouuur still the one
And I can't live without you
Aaaaalways the one
We can have one more night alone

One more night alone
In my head
I can't live without you
One more night alone
In my bed
I can't stop thinkin about you
Yooouuur still the one
And I can't live without you
Aaaalways the one
We can have one more night alone
