Yo uh uh
It's how we do it
It's how we do it
It's how we roll

I think about you every day every night
I know you see
I know you think
I know you feel that I'm right
I wanna make things new
Let the past flow through (Through)
I'd love to have fun like we used to do

I understand what you're goin' through
If I was in your shoes I'd feel like you and have a clue
But you gotta let me into your problems (Problems)
And we can innovate, communicate
And gradually solve them

Hey shortee
Hear me (Hear me)
I understand what you're goin' through (What you're
goin' through)
It's ok baby (Baby)
I got your back and we can make it through (And we
can make it through)
The crazy days when we (When we)
Get emotional and wanna cry
Just believe me shortee (Shortee)
I got your back and we will make it through (And we will
make it through)

Come on now girl express your feelings to me (Me)
If you can't explain to me what the problem be (Be)
And I got your back
You know that I really want you (I've got your back)
Shortee understand

Coz I know what you're goin' through (Through)

Just open up
And tell me what your problems are (Are)
I can understand girl
And I know it's been hard (Hard)
Just look to the future
And forget about the past (Past)
Open up your heart
Girl don't leave me in the dark

Hey shortee
Hear me (Hear me)
I understand what you're goin' through (What you're
goin' through)
It's ok baby (Baby)
I got your back and we can make it through (And we
can make it through)
The crazy days when we (When we)
Get emotional and wanna cry
Just believe me shortee (Shortee)
I got your back and we will make it through (And we will
make it through)

Girl I know it's hard
Coz it's been hard for me too (Too)
I understand
But I don't know what I'm to do (Do)
You know I want you
But do you really want me (Uh uh)
Coz you know I can give you
Everything you really need (That's right)

Girl I miss you
Girl I want you
Girl I wanna breathe you
Girl I wanna hold and need you
I understand you do you understand me
If you do then come tell me
(I need to know these things come and share me with
your sins)
Coz I understand you
I know exactly what you're goin' through (What you're
goin' through)

Listen babe, we can go for a bit
I can show you a life never missed
With my hand on your hip
And my lips on your lips
We can call it a kiss
We can hold each other

We can make a wish

I can't take it no more
Coz it's hurting me so much
That I can't breathe
Coz this pain is just far too great for me
And if you trust in my life
I'm sure that you will find
That my love that I give will never be declined

Hey shortee
Hear me (Hear me)
I understand what you're goin' through (What you're
goin' through)
It's ok baby (Baby)
I got your back and we can make it through (And we
can make it through)
The crazy days when we (When we)
Get emotional and wanna cry
Just believe me shortee (Shortee)
I got your back and we will make it through (And we will
make it through)
Hey shortee
Hear me (Hear me)
I understand what you're goin' through (What you're
goin' through)
It's ok baby (Baby)
I got your back and we can make it through (And we
can make it through)
The crazy days when we (When we)
Get emotional and wanna cry
Just believe me shortee (Shortee)
I got your back and we will make it through (And we will
make it through)
