[Intro - Plat'Num B]

UK

It's now or never

It's a new day

When the pressure's on

We'll never fall

That's the way it is

The storm will forever progress

And we shall eternally reign

We are what we are

And believe me, we're no angels

[Spike-e]

There's a time and a place to place your hate

Two-faced enemies become friends

One too many mistakes made

As young kid whispers

Who cares what they say?

So why say I care?

So why say you make way?

Prepare for the gateway to open

The 10 strong hold

The flows gold and you still don't know them

You've missed the best part of the show but what you
don't know

Is there's more to come

Forget your troubles hold on

[Flava]

I can fulfil

I don't see no wings no halos

I see myself twisted up back when platinum had cane
roll

In the beginnin

Now or never

Now we're winnin

Bring your flows chillin back

Sittin here and rippin tracks

Still black suit white shirts

Still rappin in booths

Still my crew still a career

It still work, you haters collect
The papers I rake
You mistakers mistakin my game you just fake

[Chorus - All (Kenzie)]

We're no angels angels angels angels
(So don't mistake us any more)
We're no angels angels angels angels
(If that's what you thought before)
We're no angels
(We just are what we are)
No angels
(Well we might have been in the past)
(We came from nuttin people didn't kna about us)
No angels angels angels

[Spike-e]

Yo I grew up not knowin too much
But flowin were tough and I won't lie
Everybody gotta try sometimes
The eyes of the public will not be disrupted
Coz the rhymes that I come with ain't the concept that
you wanted
Yo I craft what is positive
Laugh when you're negative
And hatred's a draught blown away that should never
live
I'm no angel but this is one set-up bout one click with 10
men
That have just gone and made it

[Reepa]

You are who you are but people see different
They only think they see good things but they're trippin
People do what they wanna do
Think what they wanna think
Watch when their backs an they do wrong as well as
when they bling
They wanna see how perfectly their kid could be
Think that they'll be the biggest thing in history
Bein this wonderful person an angel or somethin
I'm not sayin everyone's bad or nothin I think we're
average

[Chorus - All (Kenzie)]

We're no angels angels angels angels
(So don't mistake us any more)
We're no angels angels angels angels
(If that's what you thought before)
We're no angels
(We just are what we are)

No angels
(Well we might have been in the past)
(We came from nuttin people didn't kna about us)
No angels angels angels

[Plat'Num B]
Yo, I ain't a angel
I ain't a saint I ain't a sinner I'm a winner
This is thug life for beginners bredrin
Pass me the blues let me bill a king L
So when my times up I will still be blazin in hell
And when it comes the bells shall ring
The angels sing the demons creep
The holy corpse will reap
The souls of the mortal
So don't run unless you're forced too
The end of days is amongst us Judas hung himself
arseholes uh huh

[Chorus - All (Kenzie)]
We're no angels angels angels angels
(So don't mistake us any more)
We're no angels angels angels angels
(If that's what you thought before)
We're no angels
(We just are what we are)
No angels
(Well we might have been in the past)
(We came from nuttin people didn't kna about us)
No angels angels angels

[All (Flava)]
We're no angels
(I thought you'd never be surprised to see me sittin at
your crib)
(I know you wanna be me)
We're no angels angels angels angels
(So don't trust me as far as you can throw me)

[All (Kenzie)]
We're no angels
(We just are what we are)
No angels
(Well we might have been in the past)
(We came from nuttin people didn't kna about us)
No angels angels angels
