Supastar, supastar, supastar, supastar
Lets blaze it
You're my Supastar
I'm you're number one fan by far
Rollin in my blacked out car
Tinted windows dropped
Made eye contact
As a matter of fact
I see you're body
And it made an impact on mine
Come ride with me
It's 6 o'clock
Come chill on the block
We'll go cruising, find a place to stop
I think about you non-stop
So I'm taking this time just to be with you

6 o'clock I never stop until I find what I want
I find what I want a fly chick what I want
I rock drive through the block
It doesn't take long cause
I'm right in the spot
I've never seen a girl like this
But she's hot
Tanned skin long legs right on top
Now I'm with a chick in the whip
And says stop
Come on lets go straight to the club

Come on girl let me be your supastar
We can ride all day
Roof down in the car
Then stop off get a cold drink at a bar
Coz you look so fine and you shine like a star
You had a short white skirt
And your top cut low
Smooth skin
And the wind would make your hair blow
Girl your flow was so tight I just couldn't say no
I said jump in the ride buckle up and lets go

Supastar, face from a movie screen
Supastar, like the cover of a magazine
No matter what you do
You'll always be my supastar
Supastar, I'm your number one fan by far
Supastar

You know girl you're my supastar
And I'm your number one fan by far
You remind me of a face from a movie screen
I think I've seen you on the cover of a magazine
Wait, hold up, was that all a dream
No that's the film that I've seen
I wanna touch I wanna tease
I wanna hold I wanna please ya
And I really wanna see you again

You're my supastar girl
I see your name in lights
Me and you will reach amazing heights
You're on the front cover of a new magazine
Then I see your face on a movie screen
I like everything about ya
Your body your eyes
Girl you're more precious than a golden prize
Everytime I see ya I'm hypnotised
I'm your number one fan you best realise

Jammin in a whip about midday
In need of a chick coz I just got played
Then I clocked dis chick walking straight my way
A supastar chick just like Beyonce
She was carrying Gucci and Prada bags
So then I thought to myself let me help her out
Pulled over do you want a ride
The answer was yes how could she deny

Supastar, face from a movie screen
Supastar, like the cover of a magazine
No matter what you do
You'll always be my supastar
Supastar, I'm your number one fan by far
Supastar

Mon cherie
Don't you worry about a thing
Whether you fail or succeed
I want you to know
You'll always be my

Supastar, face from a movie screen

Supastar, like the cover of a magazine
No matter what you do
You'll always be my supastar
Supastar, I'm your number one fan by far
Supastar
Supastar, face from a movie screen
Supastar, like the cover of a magazine
No matter what you do
You'll always be my supastar
Supastar, I'm your number one fan by far
Supastar
