We will never

This is the time - To relive the illusion  
This is the step you've taken and don't really know  
The last chance to realize nightmare  
Cause life goes always the wrong way

We will never  
We will never  
We will never - Never exist anyway  
With constant bullshit that your fucking mind controls  
We will never - Never exist anyway

This is the time - To praise the illusion  
Shapeless form of the new age identity  
Perfect feature for residual prey  
Cause life goes always the wrong way

We will never  
We will never  
We will never - Never exist anyway  
With constant bullshit that your fucking mind controls  
We will never - Never exist anyway

No mother-fucking way!

You are alive for  
Something you'll die for  
But you will never - Never exist anyway

We will never

Last chance to gain the illusion  
Helpless form of stone cold flesh  
Surrounded by people but there's no-one around  
Trust is bent, cause you are fucked - Over and over  
again

Over and over again

We will never

We will never  
We will never - Never exist anyway  
With constant bullshit that your fucking mind controls  
We will never - Never exist anyway

No mother-fucking way!
