Another Mistake you've made

Intro:

Verse I

Why? Oh Why?
Did you tell me that
You'll gonna leave me?
What can I do to
Make this up to you?
Oh baby, you've made
The wrong decision

Verse II

But you're ignoring my
Words for so long
And I feel that there's
Nothing inside that
Heart of yours
For me to heal

Chorus:

But you say
I don't care what you say
'Cause you're making me
Feel like I don't exist
But baby
You're making
Another Mistake you've made

Verse III

I'm trying to tell you
For so long that
There's nothing wrong
With us

Bridge:

Tell me, please tell me why
Are you doing this?
Don't you know that

I love you?
But all this doesn't matter anymore

Adlib:

Chorus:
But you say...
I don't care what you say
'Cause you're making me
Feel like I don't exist
But baby
You're making
Another Mistake you've made

Chorus:
But you say...
I don't care what you say
'Cause you're making me
Feel like I don't exist
But baby
You're making
Another Mistake you've made

You're making
Another Mistake you've made

Outro: 2x
