"Materialism"

The rulers of the world who took part in her immoral
acts will mourn for her now, smoke rises from charred
remains.

Realize that nothing's left, it begins to fade away.

The things you hold in your heart are the only things
that stay.

They will stand at a distance, terrified by torment.

"How terrible, how terrible for the judgment of
Babylon."

When will you realize that nothing's left, it begins to
fade away.

But the things you hold in your heart are the only things
that stay.

This world is fading away with all the things that it
craves.

Realize that nothing's left, it begins to fade away.

The things you hold in your heart are the only things
that stay.
