[Translated]

I JUST WANNA BE... I'm ready
I'm ready to love everything about you
I just hope that you will come to me
As I am waiting... Hope that you will look at me
Hope that your heart will come to mine
(I hope that it won't be only my misunderstanding
I hope that you only want me)
I hope that as I look in your eyes,
That those eyes are the honest greed you have for me
I hope that it is the way it is
I JUST WANT

*I JUST WANNA BE...
I hope that (I JUST WANNA BE) you
Will want me like I want you
I hope that you are about to (SO ONE)
Come to me (SOMEDAY) while I am waiting
(PLEASE) In my heart

Don't try to hide it
There were so many days
I already know everything about you
I felt that you wanted me to
Hold you happily in my arms
I THINK SO
(I hope that it won't be only my misunderstanding
I hope that you only want me)
I hope that as I look in your eyes,
That those eyes are the honest greed you have for me
I hope that it is the way it is
I JUST WANT

Repeat *

For you (if you don't know what I mean yet)
I am always waiting

My heart ran to you but
(when I ask you who you loved before)
OH You remember it (What) can I do?
JUST WANNA BE I JUST WANT

JUST WANNA BE in my heart
JUST WANNA BE You are
In my heart right now
I want to tell you to accept me
Even if it's just a little bit

Repeat *
