I wrote this memo for you
Player I wish you knew
(Wish you knew) That we're (Wish you knew) still cool
(Wish you knew)
But you're number 2
Tried to play me for a fool
But you're still number 2
(Wish you knew) Don't you know? (Wish you knew) I'm
telling you
(Wish you knew) Bet you wish you knew, you're number
2

You been acting strangely lately baby did you get the
memo?
(It says) It said I know about the other guy that you were
seeing on the low
(And I) Know about your little secret conversations on
the phone
(Oh girl, think you tryna play me, never thought that
maybe, I had another lady)

(Girl I) I really didn't think you'd be keeping something
from me cuz I thought that I
(Knew you better, thought you would never, keep a
secret from me ever)
But it's okay cuz I'm with another girl
It was never just me and you
(But don't worry, baby it's cool
I'm playing you, you're number 2)

Hey girl I had a feeling you would try to play games
with my mind
(So girl) That's the reason why I kept some ladies on
the side
(You were) So busy creeping that I didn't have to hide
(Cuz there's some more other than you love, a friend
you even knew of, never had a clue of)

(Girl I) I really didn't think you'd be keeping something
from me cuz I thought that I
(Knew you better, thought you would never, keep a
secret from me ever)
But it's okay cuz I'm with another girl (Oh, oh, oh, oh,
oh, oh)
It was never just me and you
(But don't worry, baby it's cool
I'm playing you, you're number 2)

I been hearing all the news that you're playing games
(Yeah)
(But it's okay keep doing what you're doing cuz I'm
cool)
I never really cut anyone off when you came (Oh)
(So that messed your ghost walk, get it hot, Number 2)
See you was next to (jenny?) but you made her hot
(At least ours, she ain't giving up the top spot)
And you were always a player, whether you knew it or
not
(I'm playing you, you're number 2) (I'm wishing you)
