This love's end has torn me apart
I tap my vein to heal pain in my heart
Skeletons from all we used to be
Smiled big, had the world
You loved me, I loved my girl
She left home, and never said bye

To say that I sank is an understatement
All that I loved is now missing
Filling the void with corrosives
Tried to hold on to the fading
Memory of happiness
Fading away and still flickering
Memories of bliss are gone
Gone
Gone

So now love has flown to another
Confide in a jilted cover
Fail-safe sense of compassion
I never felt love with such distraction
From my arms right into my soul
Transmissions to fight the cold
You're not alive but you still love me
Who cares if we're looked as ugly

To say that I sank is an understatement
All that I loved is now missing
Filling the void with corrosives
Tried to hold on to the fading
Memory of happiness
Fading away and still flickering
Memories of bliss are gone
Gone
Gone

She's my cure for pain
She's my morphine
She's my lasting dream
She's my drug

To say that I sank is an understatement
All that I loved is now missing
Filling the void with corrosives
Tried to hold on to the fading
Memory of happiness
Fading away and still flickering
Memories of bliss are gone
Gone
Gone
Memories of bliss are gone
Gone
Gone
