Sometimes souls lose pace
Can't compete in this race
In years they're all gonna say
Danny, he lost his way
Antidepressants for the pain
Paper testing for the insane
The fact of the matter is you just can't win
Danny lost his war

The dream I had disappeared
The days they seem to go on forever
In sense, it kills me
I'll be crawling, I'll be crawling

Wipe the slate clean of time
Won't remember yesterday
Lobotomized sensibility
Danny lost his war

The dream I had disappeared
The days they seem to go on forever
In sense, it kills me
I'll be crawling, I'll be crawling

Cold remains, want to leave
I can't feel this way

The dream I had disappeared
The days they seem to go on forever
In sense, it kills me
I'll be crawling, I'll be crawling
I'll be crawling, I'll be crawling
