A universal life you gave to me
When you are there I don't struggle to know
The walls just imaginary as
You slowly crawl inside my fragile brain

I know it's hard to tell
The truth when all you know
Are lies so tell me
Why doesn't it ever make sense

Foreign form feeds the breaking heart
Love is lost within a fall from grace
Bandaged it with a peculiar taste

I know it's hard to stand
When you have lost your way
I'll take this one and say
It makes it go away
It makes it go away
It makes it go away
It makes the pain go away
Why would I let it stay
Let me just use it
To release the pain
To release the pain

You make the damage disappear
You make the damage disappear
You make the damage disappear

I wish I could save myself
Truth is I couldn't anyway

Everything I had to gain I lost
Buried in the past and dead to me
Love was once a part of my world
Now it's nowhere to be found in here

I know it's hard to say
I never was perfect
And still I kill myself

It makes it go away
It makes it go away
It makes it go away
