At the end of the day what matters anyway Is it what you've said you done or what you have so become

Picking at the words I say and if it makes sense to you Can I continue on looking for what I think is truth

What I'm looking for is some sort Of resolution Sweet sweet closure Why won't it come to me

Smile big reward is paid but just as soon it's taken away

Loss and gain becomes another loss before you learn to stay

Loose ends leave me bothered well I can't say it's good at all

The finale I'm looking for leaves me hanging and lets me fall

What I'm looking for is some sort Of resolution Sweet sweet closure Why won't it come to me

What I'm looking for is some sort Of resolution Sweet sweet closure Why won't it come to me

To me
