So tell me just how are you feeling  
Has life been going okay for you  
You've been taking the medication, right?  
Don't lie, I'd like to hear the truth

It's a test for stability  
And I'm failing miserably  
I don't feel a thing  
I won't need a thing  
I can't be anything  
And you aren't helping

What do you think of the world  
What does this resemble to you  
Do you still feel those thoughts?  
Do you still feel that way?

It's a test for stability  
And I'm failing miserably  
I don't feel a thing  
I won't need a thing  
I can't be anything  
And you aren't helping

Don't take me away  
Don't take me away  
I don't wanna be part of your  
4 star, drugged up, home of insanity

It's a test for stability  
And I'm failing miserably  
I don't feel a thing  
I won't need a thing  
I can't be anything  
And you aren't helping
