Time flies
Time crawls
Link an insect up and down the walls

The light pours out of me
The light pours out of me

The conspiracy of silence
Ought to revolutionize my thought

The light pours out of me
The light pours out of me

The cold light of day pours of of me
Leaving me black and so healthy

The light pours out of me
The life pours out of me

It jerks out of me
Just like blood
In this still life
Heart beats up love

The light pours out of me
The life pours out of me
Pours out of me....
