If I told you everything you want to hear
If I made you feel the way you want to feel
Would you love me even more?

If I thought that I could take the pain away
I would make you understand the words I'm saying
Would you love me even more?

A bedroom, loneliness.
I've cried so much
that I don't even notice
I'm trying not to show you why.
I've tried so hard to fight,
Surrendered everything
Then threw it all,
But I wouldn't change a thing
about you.

If I kissed the way that pain left in your heart
If I feel the need that's tearing you apart
Would you love me even more?

If I found the way to give you part of me
Would you lock it up and throw away the key?
Would you love me even more?

A bedroom, loneliness.
I've cried so much
that I don't even notice
I'm trying not to show you why.
I've tried so hard to fight,
Surrendered everything
Then threw it all,
But I wouldn't change a thing about you...

If I thought that I could take the pain away
I would make you understand the words I'm saying.
If I kissed the way that pain left in your heart,
If I feel the need that's tearing you apart,
If I found the way to give you part of me,
Would you lock it up and throw away the key?

Would you love me even more?

Uh uh uh uh...

Even more.

Uh uh uh uh uh...

Even more...
