Find yourself within a picture painted in a dream
Growing ever knowing, oh you don't know where you've
been
Voices coming and going as you wake at dawn

You know they're telling me
It won't be long
Oh it won't be long
So don't be long
Don't be long

Find it hard to understand the things you said to me
I never dream of pictures so I don't know what you
mean
Voices coming and going as you wake at dawn

You know they're telling me
It won't be long
Oh it won't be long
So sing your song
Sing your song

La-de-da-da (repeated)

You wake at dawn, you wake at dawn, you wake at
dawn
