We lived in a dogfish, egg case  
You could barely call it home  
Sorry, little lot no roof on top  
But the fish left us alone  
Try a little more said the girl next door  
It's time to roam

Mad Lizzy Crumbs, blind cobblers thumbs  
Were a sight to behold  
She was a rum old slapper and we always  
Tried to get her pants off when she phoned  
Left her cap by the sink, it's not what you think  
Oh, take me home

Now, we know where we're going, baby  
We can lay back and enjoy the ride  
Take in the sights and drown in our senses  
Love is the law, so, take me deep inside

Strap on Sally chased us down the alley  
We feared for our behinds  
Oasis was a shop with shoes so hot  
They were sure to blow your minds  
Running so fast, I can take the past  
Oh, take home

Now, we know where we're going, baby  
We can lay back and enjoy the ride  
Take in the sights and drown in our senses  
Love is the law, so, take me deep inside

These waters run deep, it's clear my little one  
Blue, velvet, star sky, not a sound  
The light in your eyes, the smile on your ruby lips  
Tells me my lost soul is found

Now, we know where we're going, baby  
We can lay back and enjoy the ride  
Take in the sights and drown in our senses  
Love is the law, so, take me deep inside
