Caught up in my life  
Waiting to be set free  
Waiting to find my answer

Come if it feels right  
Now is the time to breathe  
No need to find forgiveness

Cause any lonesome child wants to make love  
Fantasize about some vision  
Funny how [incomprehensible]

Just when you thought you were lonely  
They put you under the right spell  
Wake up tomorrow, you're gonna be livin' the right life  
Ooo, livin' it

Living in the streets  
Tyna find a better way  
Elevator take me higher

There's a place for me  
All I want is to use the day  
Elevator take me higher  
Take me higher, take me higher  
Take me higher

Just when you thought you were lonely  
They put you under the right spell  
Wake up tomorrow, you're gonna be livin' the right life

Just when you thought you were lonely  
They put you under the right spell  
Wake up tomorrow, you're gonna be livin' the right life  
Ooo livin' 'it, ooo livin' it

Just when you thought you were lonely  
They came along with the right spell  
Wake up tomorrow, you're gonna be livin' the right life  
Livin' the right life, livin' the right life, livin' the right life

'Cause any lonesome child wants to make love  
Fantasize about some vision  
Funny how [incomprehensible]

Just when you thought that you were lonely  
They put you under the right spell  
Wake up tomorrow, you're gonna be livin' the right life

Just when you thought that you were lonely  
They put you under the right spell  
Wake up tomorrow, you're gonna be livin' the right life
