We should be right here
Get through all this fear
One of these days

'cause when it comes around
We should be right here
One of these days

This could be heaven
This could be heaven

Livin' for the part
Givin' from the heart
Now and forever

But if we let it wait too long
What we have is gone
Memory only

This could be heaven
Maybe we CAN start a life today
This could be heaven
Love instead of throwin' it all away
This could be heaven

Whoever thought we would get this far
Tryin' for all these years
The thought that we would fade away
Was more than I could bear
I would do anything if you would stay
If you'd stay

Say
We should be right here
Get through all this fear
One of these days

This could be heaven
Turnin' it on for human kind
With you by my side

Say, this could be heaven
Sure we could decide to run away
But we'd run away from all this here

Well, this could be heaven
This could be heaven
This could be heaven
'cause I know you'd call
I know you'd call
This could be heaven (3x)
One of these days
One of these days
