"Who Want To Leave Forever"

There's no time for us
There's no place for us
What is this thing that builds our dreams
Yet slips away from us
Who wants to live forever
Who wants to live forever
No one
There's no chance for us
It's all decided for us
This world has only one sweet moment set aside for us
Who wants to live forever
Who wants to live forever
No one
Who wants to live forever
Oh ooh woa
When love must die
But touch my tears with your lips
Touch my world with your fingertips
And we can love forever
And we can have forever
Forever is ours today
Who wants to live forever
Who wants to live forever
Forever is ours.....
We only have one chance to live
Who wants to live forever
