Darling if you want me to be closer to you  
Get closer to me  
Darling if you want me to be closer to you  
Get closer to me  
Darling if you want me to love, love only you  
Then love only me  
Darling if you want me to see, see only you  
Then see only me

There's a line that I can't cross over  
It's no good for me and it's no good for you  
And there's a feeling deep down inside me  
I can't explain it and you're wondering why

You say we been like strangers  
But I'm not the others you can hang by your fingers

Darling if you want me to be closer to you  
Get closer to me  
Darling if you want me to be closer to you  
Get closer to me  
Darling if you want me to love, love only you  
Then love only me  
Darling if you want me to see, see only you  
Then see only me

There was a time when you would come running  
You dropped everything for the touch of your hand in  
mine  
I was blind and now I regret it  
I can't forget it, it's locked in my mind

And I can't go on living  
Wondering if you'll be here tomorrow  
People change and you're changing  
And I've given you my all  
There's no one can borrow

Darling if you want me to be closer to you  
Get closer to me  
Darling if you want me to be closer to you  
Get closer to me

Darling if you want me to be closer to you  
Get closer, closer, closer, closer

Darling if you want me to be closer to you  
Get closer to me  
Darling if you want me to be closer to you  
Get closer to me  
Darling if you want me to be closer to you  
Get closer to me

Darling if you want me to be closer to you  
Get closer to me  
Darling if you want me to be closer to you  
Get closer to me  
Darling if you want me to be closer to you  
Get closer to me

Darling if you want me to be
