Standin' on a mountain top, cryin' to the world
Won't somebody lend a helpin' hand?
Help me bring back that girl, back that girl
Help me bring back that girl

Standin' on a mountain top, cryin' to the world
Won't somebody lend a helpin' hand?
Help me bring back that girl, back that girl
Help me bring back that girl

Went to see aunt Mary now, said she was to be my
bride
Went to see aunt Mary now, said she was to be my
bride
I'm so alone and lonely
Now that she's not by my side

Standin' on a mountain top, cryin' to the world
Won't somebody lend a helpin' hand?
Help me bring back that girl, back that girl
Help me bring back that girl

Went to see aunt Mary now, said she was to be my
bride, ooh
Went to see aunt Mary now, said she was to be my
bride
I'm so alone and lonely
Now that she's not by my side

Standin' on a mountain top, cryin' to the world
Won't somebody lend a helpin' hand?
Help me bring back that girl, back that girl
Help me bring back that girl
