#### BURNER

Riots in the burning street  
Crystal night outside  
Brutal music in the night, enough to make you cry  
Nobody knows how it is to sleep and drown the world  
I am the midnight snake to bite your little girls  
Outside in the distance, the city in the fire  
See the houses burning down, mile after mile  
I don't think you know what you can get,  
I don't think you're gonna like the one you're going to  
get  
Ghost rider in the sky

You ain't gonna hurt me, you won't put me down  
This ain't no circus and I sure don't need no clowns  
I don't be the one that you can't be  
I don't see things that you can't see  
Deep in blind your eyes

#### Burner

Beat me like hammer, baby, stick me like a pig  
Throw me to the lions, honey, wear me like a wig  
I am not only one to walk into the fire  
I would rather burn that could make me be a liar  
I cannot be beaten, I cannot be like you  
I cannot be otherwise, no matter what you do  
I am the voice of broken glass  
I am the voice to drive you mad at last  
I am the truth, the liar turned around
