I'm a soldier of fortune I'm trained and I'm ready to kill  
Put me in battle I follow the sound of the gun  
And give me an order command me I'll fire at will

I got no emotions I'm living with thunder and steel  
I don't hear your lies all I hear are your battle cries  
I'm a soldier of fortune I'm trained and I'm ready to die

To the power and the glory Raise your glasses high  
To the power and the glory Be with me tonight

A cold death awaits me tonight If I stumble or fall  
My friends lay around me their bodies all tattered and torn  
But mine is not to reason why mine is just to do or die

To the power and the glory Raise your glasses high  
To the power and the glory Be with me tonight

Can you feel the power Can you feel the glory  
Can you feel the power Can you feel the glory  
Can you feel the power Is it with you tonight

I'm fighting for freedom I'm safe, I've got God on my side  
With what price in life can you justify your battle hymn  
The general says we'll win the war just sacrifice a thousand more

To the power and the glory Raise your glasses high  
To the power and the glory Be with me tonight  
Tonight, tonight, tonight

To the power and the glory Raise your glasses high  
To the power and the glory Be with me tonight  
Tonight
