"Heartbreaking Maniac"

Visit "[Heartbreaking Maniac](#)" on MotoLyrics.com

Verse one

As cold as you sound
As loud as your heart pounds
I should know you
I wish I did

Verse two

Broken dreams
Shattered hearts
That's what my world has in store

Verse three

I have broke in your lies
You have hurt my life
My world has come tumbling down, and all you do is
laugh at me!

Verse four

There was a time when you could hurt me
There was a time when you could laugh
There was a time when I couldn't see
There was a time for everything

Verse five

Now it's your turn to crash and burn
Now you see how awful you are to me
