I've seen the powers of faith, holy terror unseen  
mortal fear lay awake, show the world how to bleed  
reborn as it was told, delivered of the lost souls  
last martyr hasn't yet died, end of time the first sign  
blind followers of faith  
the road of a thousand hailing the night, raise the  
heads  
enter the world hordes of sin

burning higher - awoken fire  
feed its hunger - with a lie  
apocalyptic - religious seeds  
sacrificial - angelmeat

young children watch the sky, prepare themselves to  
die  
no longer just a dream, revelations proceed  
lines of death fill the air, angels cry everywhere  
the wound has come to an end, no more need to  
pretend

angel deranged  
falling in flames  
acted profane - divinity reigns  
revolting act  
diabolical pact  
the beginning of the end

disciples come  
torn and hung  
creed of the young - creation undone  
resurrection day  
no need to pray  
last sermon done

the seventh seal, broken and real  
expected since the fall of man  
no way to avoid, future foretold  
thru words of stone...

the cleansing of our sins, repaying all that's been  
yet denying the signs, claustrophobical within

the shores are covered with blood , and the seas have  
all died  
no one longer bears doubt, that our time has run out  
no more fear nor pain  
no one but ourselves to blame
