Alone - I have been left
Contamination
Fear - of what's to wait
Global hesitation

My time is over
I breathe my final breath
Lying skinnaken
in the shadow of death
Who among us
believe in gods creation?
So why do I cry?
There is no salvation

Blind - you must be blind
Denying facts of fear
Time - you've seen the signs
Mass death within years

Tied to lifesupport
the cables unwind
I'm living on time
that was never mine
Hard to think
my thoughts they drown
Panic screams in my head
as drugs pull me down
I meet my doom
soon will I lay
In my tomb
oh join me pray

Lord in the sky
can't hear my cry
There's no god
alone I die.

Dead - I will be dead
Tears roll down my face
Saved - who will be saved?
Erased without a trace

My skin starts to peel
Face to deform
Lungs ripped by cough
Calm before this storm
Sadly you don't care
For me in this bed
But my name is yours
For who will not be dead?
