Say you can't never tell, what's on these women's mind
Say you can't never tell, what's on these women's mind
Hey, she may be huggin' and kissin' you, and quittin'
you all the time

Say I went home this mornin', twixt 9.30 and 10
Hey, hey, twixt 9.30 and 10
Hey I met that woman's second man, right, right back
in my den

So she's a dirty mistreater, and she drove me from her
door
She's a dirty mistreater, she drove me from her door
Hey the good book says mama, you gotta reap just
what you sow

Say some women is just like a dollar, dollar go from
hand to hand
Say some women is just like a dollar, dollar go from
hand to hand
Hey some of these lowdown women, they just run from
man to man

Now you know my woman says she loves me, she been
lovin' me all her life
Say my woman says she loves me, she been lovin' me
all her life
Hey she met a second man on that corner, she told him
that same lie twice
