(opening)

your lookin' for love X6
are you looking baby
your lookin' for love X6

(verse 1)

sometimes i feel that i need to
get what i want when i need what i want
then she came up and asked me
(is it gonna be love at a first sight)
but when the lights go down i know
ill touch what i want when i want who i want
then ill get you to say to me
(is it your time to buy the drinks tonight)

(chorus)

i like you
and you
if you do me this one little favour
i
know you
and i
am lookin for love
im looking for love tonight

(hook)

your lookin' for love X12

(verse 2)

now im feeling like i need to
say what i feel when i want what i feel
then i got stuck you
but every time i tried i got denied

but your true identity is
fun and cool and sexy
are you gonna be the one for me
isnt it time you bought a drink for me

(chorus)
