(VERSE ONE)

pretty as your face but id like to know your name
its funny what your doing as I see you underneath
a little bit curious to hold me, whats your game
lets keep on going, lemme see all your shame

(BRIDGE)

pretty girl will you talk to me
i wanna see you moving ,just walk with me
pretty girl will you talk to me
i wanna see you moving, jump up with me
pretty girl alone with me
i wanna see you dancing, just talk to me
pretty girl will you talk to me
i wanna see you moving ,just walk with me

everything that you wanted in life, come with me pretty
