No i don't
Have a reason
That i think
You might understand

My intentions
Speak louder
Than the words i choose
To prove that i can

chorus-----
But these words they disappear
So i speak them without fear
Of losing way too much of myself

And what i really need to say
Never quite comes out the same
chorus-----

It's probably just as well
It's probably just as well

No i don't
Have a reason
That you think i might understand

I love you
You're my brother
But you make me feel like less than a man

chorus

I'll keep it to myself
It's probably just as well

I try to hang on
I always go down
Know now that i can't
Bring this around

chorus

I'll keep it to myself
It's probably just as well

chorus

I'll keep it to myself
It's probably just as well
