Vers 1:

You always make the same mistakes  
You run your mouth, but you do nothing  
Thousands of people killed every day  
Everywhere. But you still watching.

Pre Chorus:

And Hiding behind your fortune  
Waiting for the change to happen!

Chorus 1:

Put yourself into my place, try out some pain  
The same you put into my heart day after day  
Scream your laughs out, and cry to the point of death  
I hear you begging for help, so enjoy some pain  
You are one step closer to die  
Sooner, or later you gonna die!  
You deserve to die

Verso 2:

You always make the same mistakes  
You enjoy your life, and let the others die  
Every day seems to be the same  
You make no change, you deserve to die

Chorus2:

Put yourself into my place, try out some pain  
The same you put into my heart day after day  
Scream your laughs out, and cry to the point of death  
I hear you begging for help, so enjoy some pain  
You are one step closer to die  
Sooner, or later you gonna die!  
You deserve to die

Outro:

You running out of time  
All you got is run for your life  
Try to save your self  
Or come to die
