You got what most dames want, oh, oh
But it ain't what I came to see, aha, I know
You don't know bout my game zone, oh, oh
Time to show this boy a harder me

Ay, you talking like you know what I want
Before you start pursuing baby, whoa
You run girls like a track star
But I'm more like a Nascar blowin' it back at ya

Please I knew I wasn't talkin' from the door
We were gonna kiss, make my hair twist, have me
lookin' crazy, no
This is obviously this is your thing right
Trick them girls to think they're the only ones you're
feelin', right?

Stupid, stupid I'm not
I've been around here baby
That means I'm on it
And I'm used to sucker boys like you

Stupid, stupid I'm not
You talk about it baby
But when it comes to a real girl wants
You just don't know what to do

You think you know but you don't
You just don't know what to do
You think you know but you don't
You just don't know what to do

You think you know but you don't
You just don't know what to do
You think you know but you don't

Hey, you told my girl that I'm with you, whoa
Didn't know that Veronica had shown
The message that you sent sayin'
He wanted to be her man and I was never in your plans

Please I told you you ain't nothing I want
So why you keep blowin' up my phone
You stuntin' and you poppin' right
Do us both a favor and stop callin' on a late night

Stupid, stupid I'm not
I've been around here baby
That means I'm on it
And I'm used to sucker boys like you

Stupid, stupid I'm not
You talk about it baby
But when it comes to a real girl wants
You just don't know what to do

You think you know but you don't
You just don't know what to do
You think you know but you don't
You just don't know what to do

You think you know but you don't
You just don't know what to do
You think you know but you don't

Shorty I can change your whole life in a day
I don't even think you know
I can do the things them other boys can't hang
I'm everything you want

Come on flip the page
Let me show you they can't tame me
I can be you baby, so tell me why you actin' all shady
When you know damn well you wanna be my lady

Stupid, stupid I'm not
I've been around here baby
That means I'm on it
And I'm used to sucker boys like you

Stupid, stupid I'm not
You talk about it baby
But when it comes to a real girl wants
You just don't know what to do

You think you know but you don't
You just don't know what to do
You think you know but you don't
You just don't know what to do

You think you know but you don't
You just don't know what to do

You think you know but you don't
