Did you say somethin' under your breath?
Were you talkin' to me dear?
'Cause I'm pretty sure you'll hear me laughin'
As i walk right out of here

This is your shirt you'll probably want it
You should take all you can get
By the way I don't know what's on it
It was right there when we met

This is me kissin' you goodbye
This your time signing off
To a brand new place

To say the least you took me for a ride
Took me straight to hell
But I'll make sure baby when i get back
You won't be there to tell

This is me kissin' you goodbye

With a smile upon my face
This is your time signing off
To a brand new place
This is your world crashin' down
I need a little space
This is me
With a smile upon my face

This is me kissin' you goodbye
With a smile upon my face
This is your time signing off
To a brand new place
This is your world crashin' down
I need a little space
This is me with a smile upon my face

Did you say something under your breath?
Goodbye
'Cause i'm pretty sure you'll hear me laughin'
Goodbye
