1,2 open up the door

3,4 Answer your phone but you don't do any of those things do you

5.6 I deserve more

7.8 we've flown to the floor you're sliding down my ladder of priorities

I, I, I and you-ou went together like glue-ue-ue

But now the waters coming in we're sliding apart

I, I, I and you-ou went together like glue-ue-ue

But now we're not sticking we've gone dry

It was all suspicious, on the edge wondering what you were doing
when the back of my head was showing, and your two faces were looking

When will you ever come around, no wait it's not the right way around

Cause it was all always my fault wasn't it just

I, I, I and you-ou went together like glue-ue-ue

But now the waters coming in we're sliding apart

I, I, I and you-ou went together like glue-ue-ue

But now we're not sticking we've gone dry

And I don't want to be a bore

But I'm telling you this aint happening anymore

So please sit down and we'll have a chat

But whatever you put on your hat you think you cool

Don't let me fall down the same ropes that you did do

NO don't let me fall down the same ropes that you did do

I, I, I and you-ou went together like glue-ue-ue

But now the waters coming in we're sliding apart

I, I, I and you-ou went together like glue-ue-ue

But now we're not sticking we've gone dry

And I don't want to be a bore

But I'm telling you this ain't happening anymore

So please sit down and we'll have a chat

But whatever you put on your hat you think you cool
