Just a child, just my friend
Your life held by them
And I've not got money
But I've got hope
And maybe I'm the only
But no one knows

But sometimes God gets confused
He certainly did when he picked you

Sometimes you feel like giving up and there's nothing you can do
Sometimes you feel you're not enough but that's not true
Sometimes you feel like giving up and there's nothing to prove
But hold tight, wipe your tears love, 'cause I'm
I'm here with you

Just a child, just bad luck
But as we grow
Your time stops here
And we've not got money
But we still try
'Cause you're not the only one to cry

But sometimes God gets confused
He certainly did when he picked you

Sometimes you feel like giving up and there's nothing you can do
Sometimes you feel you're not enough that's never true
Sometimes I feel like giving up and there's nothing to prove
But hold tight, wipe your tears love, 'cause I'm
I'm here with you

Let it out, let it fade
Just let it out and burn away
Let it out, let it fade
Just let it out, watch it burn away

Sometimes you feel like giving up and there's nothing you can do
Sometimes you feel you're not enough but that's not true
Sometimes you feel like giving up and there's nothing to prove
But hold tight, wipe your tears love, 'cause I'm
I'm here with you
