Lemons are bitter,  
If you bite them with your two front teeth  
Now he's acting similar,  
Because you're the one now that is biting me

His feelings are crushed like rock salt on the table  
Cause you're now the one that's got a bit more flavour

I've never met someone that's made me feel quite this way  
And I've never met someone that's actually stayed

Only love can make me feel the way I do  
Only love can make this real for me and you  
Only love can make me feel the way I do  
Only love can make me see the world the way I do  
Now I'm with you

He passed his sell-by-date,  
We don't go out cause he turned sour  
But I could think of a million ways,  
We could spend just one hour

His feelings are crushed like rock salt on the table  
I guess I fell for love, says the paper

I've never met someone that's made me feel quite this way  
And I've never met someone that's actually stayed

Only love can make me feel the way I do  
Only love can make this real for me and you  
Only love can make me feel the way I do  
Only love can make me see the world the way I do  
Now I'm with you

Woah, don't let me go, cause I'm falling for you  
Woah, I wanna know, if you're falling for me too

Cause I've never met someone that's made me feel quite this way  
And i've never met someone that's actually stayed

Only love can make this real for me and you  
Only love can make me feel the way I do  
Only love can make me see the world the way I do  
Now I'm with you
