Smile empty smile
If it makes you feel better
When you're all alone against the worse
Try they will try
But they can't steal your soul
Don't give yourself away

In my mental situation with a needle in my hand
I'm burning all the pictures in my head
I don't want to remember but I must not forget
Or else ill be rapt away

Summer's gone
Fade away
And all I've got is the pain
After all
I still remain
The same child of yesterday

With one leg in the grave
Watch my life pass away
What's for the dessert today
I've been waiting so long
And it's just too late
Sit and watch till its end

Summer's gone
Fade away
And all I've got is the pain
After all
I still remain
The same child of yesterday

I never wanted to write this song
I never felt so alone
If you hear me I'm on my own
Summer's gone summer's gone
