All these rappers on this hardcore shit,
I ain't the nigga to play hard ball with
Yeah I was pitchin but it was never on the mow
I grab a strap and lay you ever on the ground
Hand cause duck tape, never make a sound,
Your brain is fragile, it could never take a round,
It goes bluffed in lights out,
Hey crack, no dice, all your men I'm stroking hard
cold shit,
Broke right out,
Night brings the wolves out, the wolves bring the nights
out,
The shit go like that, my hand gun is a whore, can she
blow like that.

I used to pitch that inside I'm the antifa you riders
This is as easy as a target three feet from a snipe a life
Here's why you won't see me on TV, after I spit they

Can't be defeated despite the medias vices,
As I'm a... but Jesus and reunite as a vicious,
