i'm lonely
i'm insecure
i'm also guilty and i'm pure

i'm always
i will not stop
i'll hit the ground before the top

i wanna see the color of your skin, so bright
but all i have are photographs of black and white

don't stop loving me tonight

i'll never say forever
i don't believe in things that last
i want to
can't see through
the calm the haze the emptiness

i wanna be the ground when you can't stand
but all i have are letters i won't send

don't stop loving me again

i wanna be your sailor lost at sea
i want your waves to crash and cover me

don't stop loving til you're free
don't stop loving til you're free
