saw you on the number 3  
you don't even think about me  
just another in the morning rush

walking with the radio on  
jumping someone else's train  
you don't even know that song

how am i supposed to say how are you?  
you don't even know my name

we are, we are, we are, we are  
we are lost in heart city  
we are, we are, we are, we are  
we are lost in heart city

dragging for an hour or 2  
11:30, 12 o'clock noon  
watching all the buildings sway

in between the concrete highways  
wish everyone would disappear  
wish there was an earthquake right here

and both of us could walk away  
but i don't even know your name

we are, we are, we are, we are  
we are lost in heart city  
we are, we are, we are, we are  
we are lost in heart city

in the underground  
we are connected  
hearts beating like  
city lights electric

our bodies move  
our wires touch  
we feel life coming  
deep deep down in us

oh lost in heart city  
oh lost in  
we could be lonely but lucky in love

we are, we are, we are, we are  
we are lost in heart city  
we are, we are, we are, we are  
we are lost in heart city
